· Computer Science (CS) 150
· Computer Science (CS) 140
· Computer Science (CS) 111

PROJECT EXPERIENCE

LABrador — Laboratory Database Web App

- Designed a comprehensive UI for web browsers to store, organize and track various data fields for Laboratory experiments.
- Communicated with my team to ensure the best user experience possible, and ensure client satisfaction.
- Developed using Java and Spring, and enhanced with CSS and Bootstrap.

WORK EXPERIENCE

Grill Cook — Dairy Queen, Lebanon, IL

February 2016 - May 2016

- Prepared various menu items to the best of my ability in order to keep customers happy and retain their continued business.
- Enabled a steady work flow by tending to pre-rush food prep, and maintaining a clean work environment which resulted in minimal distractions and the tools to work uninterrupted.

Grill Cook — Dairy Queen, O'Fallon, IL

September 2014 - January 2016

- Ensured all food items were prepared in a timely manner and stood up to the company's highest standards.
- Aspired to be a valuable employee and trained several new hires to work with quality and efficiency as their core values, and was offered a position in management.
- Promoted a positive attitude and communicated with coworkers in an efficient manner that manifested increased sales every consecutive business year.

Cook/Cashier — Arby's, Shiloh, IL

September 2009 - March 2010

- Expedited product from the kitchen to the customer in a timely fashion while interacting with guests in a positive and respectful manner.
- Expanded my skill set in order to work in the kitchen and help with production.
